

Sigmattech Inc. specializes in sales and service of advanced laboratory equipment used in broad applications essential to Quality Assurance/Quality Control (QA/QC), Metrology, Research and Development (R&D), Failure Analysis, Materials Characterization, Environmental and Chemical Analysis, and Process Control.

We cater to a wide range of industries such as Semiconductor/ Electronics, Pharmaceutical, Mining, Energy, Food and Beverage, Petroleum, Petrochemical, Forensics, Agriculture, Automotive, Biotechnology, Nanotechnology, Academe, and more. We are dedicated to provide the best equipment and set the bar high for excellent customer service.

At Sigmatech Inc., we believe that our customers' success is ours too. With over two decades of track record, we remain fully committed to our stakeholders as we continuously strive to improve every aspect of our business.

OUR SIX SIGMA

1. PREMIUM QUALITY PRODUCTS

We represent leading global scientific equipment manufacturers that offer cutting-edge technology guaranteeing consistent quality, superior functionality, reliability, and accuracy.

2.COST EFFECTIVE SOLUTIONS

We aim to provide optimal solutions through our extensive range of quality products and services at a competitive price.

3. EXCELLENT CUSTOMER SERVICE

We are committed to consistently give exceptional customer service through our customer-oriented team who are trained both locally and internationally and are geared towards satisfying clients with the goal of making them happy and worry-free.

4. UNPARALLELED TECHNICAL EXPERTISE

We are ready to respond to concerns and provide accurate and timely service and applications support with the help of our experienced and factory-trained technical team.

5. SUPPORTING INVENTORY

We maintain a comprehensive lot of spare parts, consumables, and supplies to support the equipment we have installed. That is what we committed to you and that is what we will deliver.

6. FAILURE ANALYSIS, MATERIAL CHARACTERIZATION & TRAINING LABORATORY (NASAT LABS)

Our esteemed partner, NASAT Labs, is dedicated to offering valuable services and support to Sigmatech's current and future customers. Equipped with a skilled technical team and cutting-edge facilities, NASAT Labs is fully prepared to deliver prompt and cost-effective solutions for your analysis, testing, and training requirements, adhering to international standards and practices.

OUR PARTNERS

Block 136 Lot 1, C Arellano Street, Katarungan Village, (Daang Hari), Poblacion, Muntinlupa, 1776 Metro Manila

Failure Analysis, Material Characterization, and Metrology Equipment

HITACHI HIGH-TECH

Tabletop Scanning Electron Microscope (SEM)
Scanning Electron Microscope (Tungsten SEM)
Ultra-High Resolution Cold Field Emission (UHR Cold FE-SEM)
Schottky Field Emission SEM (Schottky FE-SEM)
Scanning Transmission Electron Microscope (STEM)
Transmission Electron Microscope (TEM)
Focus Ion Beam (FIB)
Ion Milling System
Sputter Coater
Atomic Force Microscope (AFM)

HITACHI HIGH-TECH SCIENCE

Differential Scanning Calorimeter (DSC)
Simultaneous Thermogravimetric Analyzer (STA)
Thermomechanical Analyzer (TMA)
Dynamic Mechanical Analyzer (DMA)

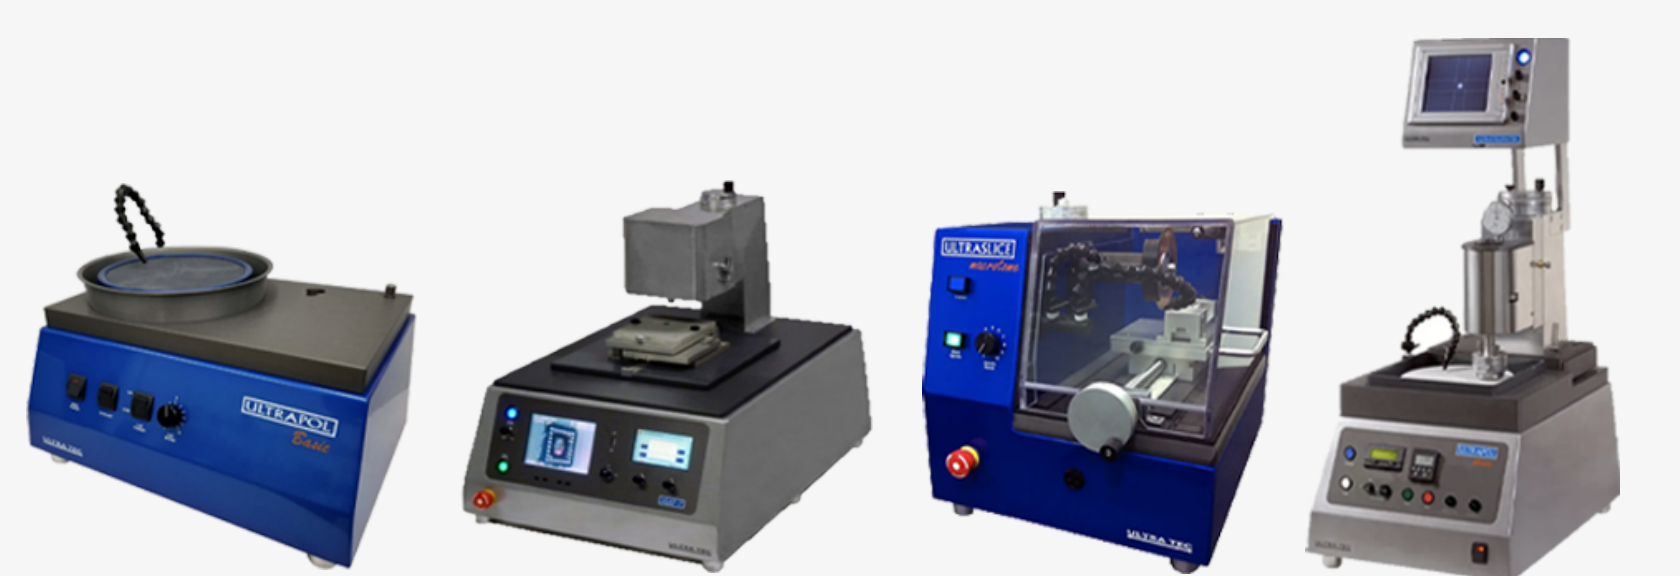

HAMAMATSU

Photo Emission Microscope (Phemos)
Inverted Photo Emission Microscope (iPhemos)
Pico-Second Time Resolved PEM
IR-OBIRCH Analysis System

ULTRATEC

Flat Lapping and Polishing Machine
End and Edge Polisher
Planar polishing and cross-sectioning Tool
Selected Area Preparation System
Precision Saw

ULVAC PHI

Auger Electron Spectroscope (AES)
X-Ray Photoelectron Spectroscope (XPS)
Time-of-flight Secondary Ion Mass Spectroscopy (TOF-SIMS)

SEIWA OPTICAL

IR Microscope
Semiconductor Auto Review System
Wafer Overlay Inspection System
Wafer Cassette Inspection System

INSIGHT K.K.

Scanning Acoustic Microscope (CSAM)

Analytical Equipment

HITACHI HIGH-TECH SCIENCE

Atomic Absorption Spectrophotometer (AAS)
UV-Vis Spectrophotometer
UV-Vis-NIR Spectrophotometer
Fluorescence Spectrophotometer
HPLC and Ultra HPLC
Amino Acid Analyzer

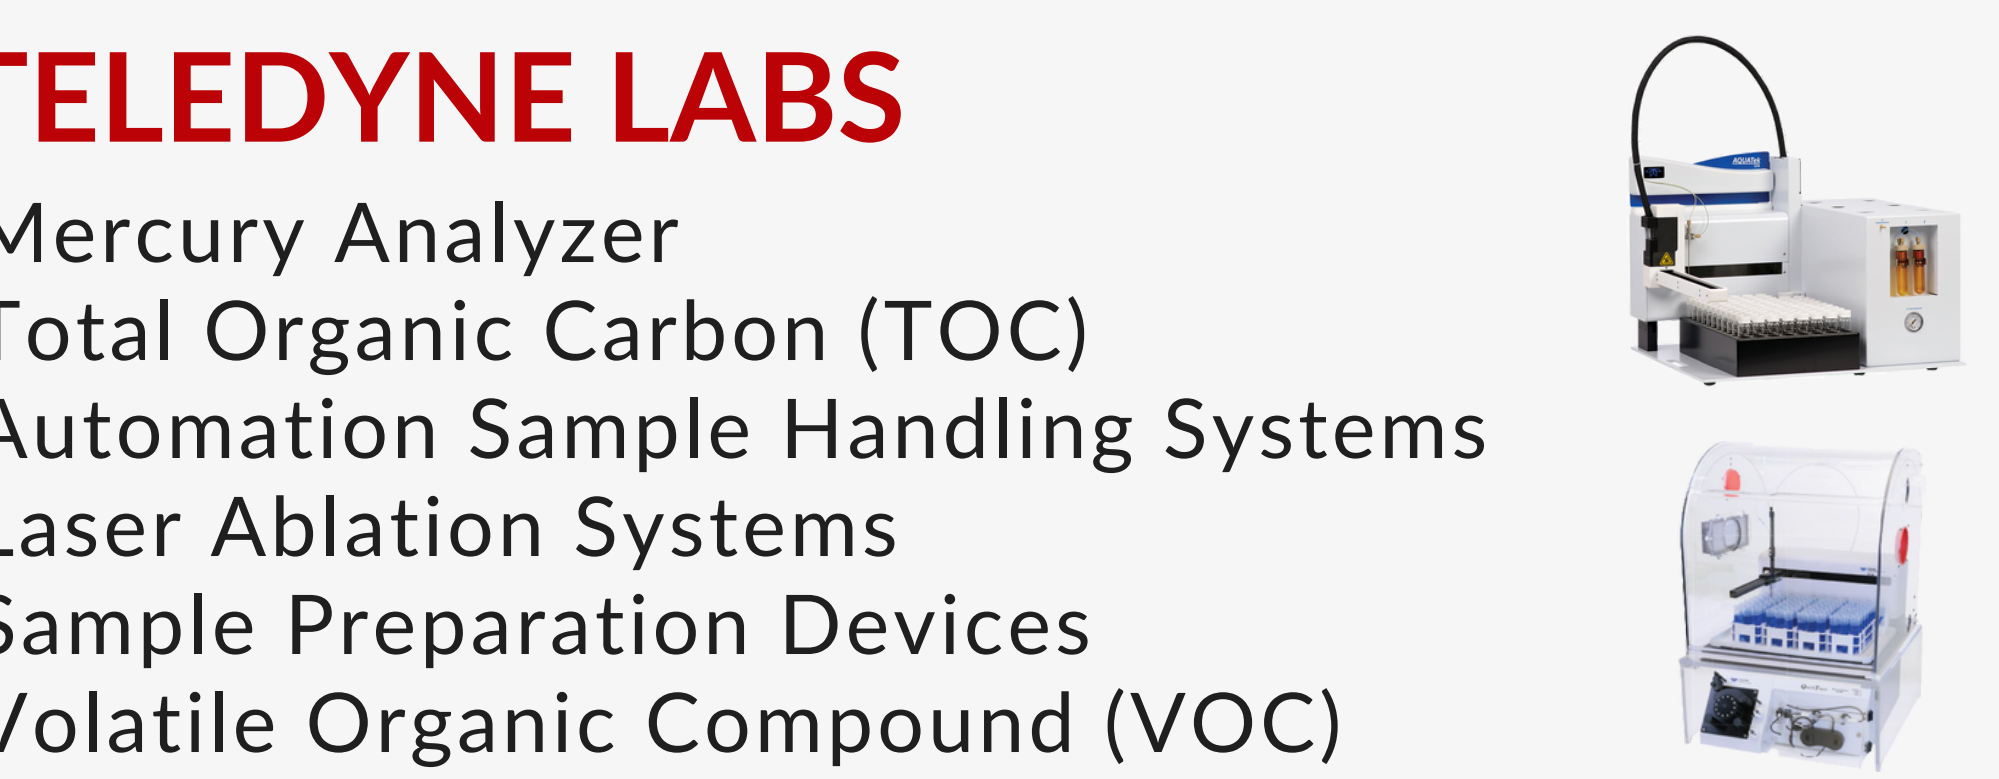

HORIBA SCIENTIFIC

XRF Analyzer for ROHS/WEEE/ELV
Micro-XRF Analyzer
Carbon/Sulfur Analyzer
Oxygen/Nitrogen/Hydrogen Analyzer
Particle Size Distribution Analyzer
Horiba Water Quality Meters
(pH, ORP, Ion, Conductivity, Salinity, Resistivity, TDS, Dissolved Oxygen)
Laqua Benchtop Meter
Laqua Handheld Meter
Laqua Pocket-type Meter
Inline Resistivity Meter
Inline Conductivity Meter
Chemical Concentration Monitor
Plating, Etching, Wet Processes

TELEDYNE LABS

Mercury Analyzer
Total Organic Carbon (TOC)
Automation Sample Handling Systems
Laser Ablation Systems
Sample Preparation Devices
Volatile Organic Compound (VOC)

ANALYTICHEM

Digestion Systems
Automated Chemistry Analyzers
Reference Materials
XRF Supplies

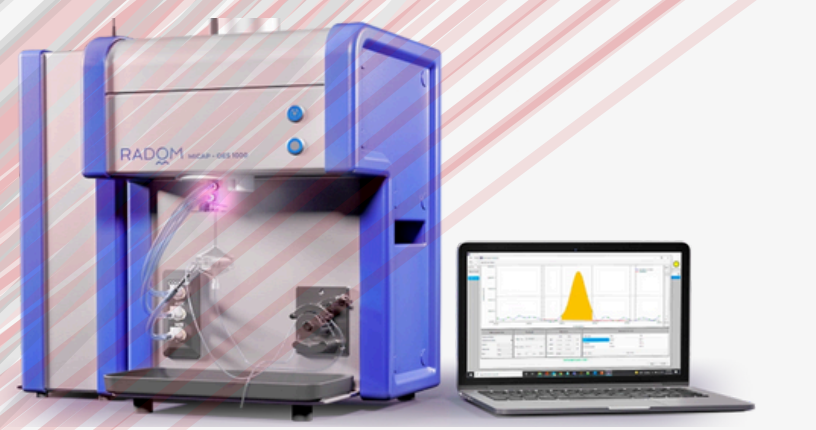

EDINBURGH INSTRUMENTS

Photoluminescence Spectrometer
Raman Microscope
FTIR Spectrometer

RADOM INSTRUMENTS

Microwave Inductively Coupled Atmospheric Plasma
Optical Emission Spectrometer

Agricultural and Environmental Equipment

LI-COR

Eddy Covariance Systems
Portable Photosynthesis Measurement System
Trace Gas Analyzers
Soil Gas Flux
Light Sensors

Petroleum Testing Equipment

PAC

Distillation Apparatus
Oil in water analyzer
Flashpoint Tester
Vapor Pressure Analyzer
Viscometer
Cetane Number Analyzer
Gum Test Apparatus
Ring and Ball Tester
Viscosity and Density Analyzer
Cloud and Pour Point Tester
Freezing Point Analyzer

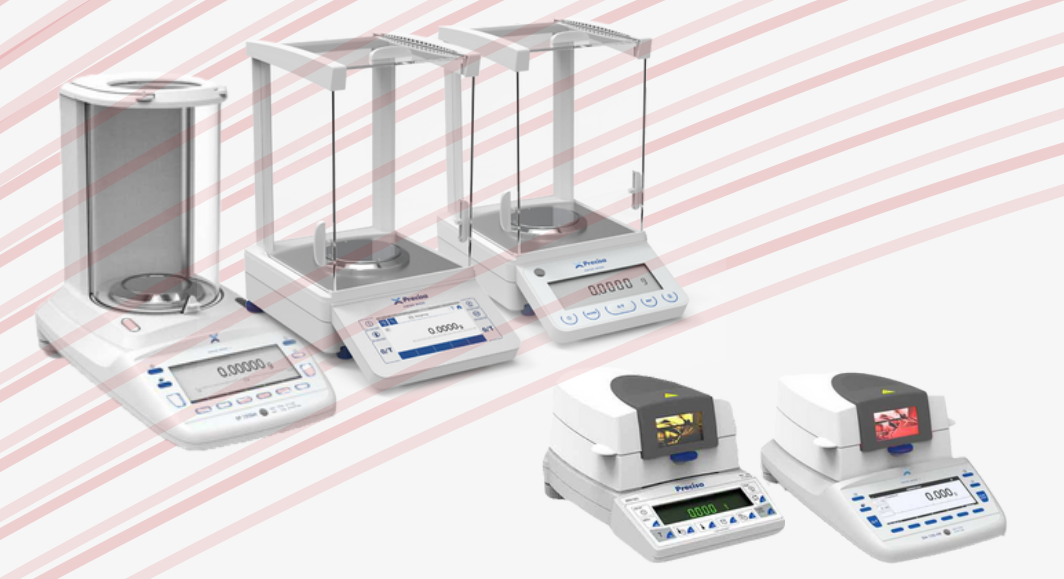

Cold Filter Plugging Point Apparatus
NOACK Tester
Jet Fuel Thermal Oxidation Tester
Microcarbon Residue Tester
Elemental Analyzer (N/S)
Biodiesel Analyzer - Gas Chromatography
Refinery Gas Analyzer
M4 Reformulyzer
Fuel Analyzer
Heater Tube Scanner

General Laboratory Equipment

PRECISA

Analytical Balance
Toploading Balance
Semi-Micro Balance
Moisture Analyzer
PrepAsh - Auto Ashing and Drying System

HETTICH

Centrifuges

COLE PARMER

Hot Plate and Hot Plate Stirrers
Colony Counter
Vortex Mixers
Shakers
Water Bath
Block Heater
Electric Bunsen Burner
Glassware
Laboratory Ovens
Laboratory Freezers
Incubators

IKA

Rotary Evaporators
Overhead Stirrers
Mills and Dispersers
Homogenizers
Calorimeters
Viscometers
Laboratory Reactors
Pipettes and Pipette Controllers
Vacuum Pumps
